Section 6. Transfer of Membership Rights and Privileges in the Association. Each Owner, and in lieu thereof, (and with the written consent of such Owner to the Association) each lessee of a Lot shall be a member of the Association and have the right to the Owner's vote and privileges. Membership, where assigned to a lessee will pass with the lease, except if the Owner withdraws his consent in writing to the Association. The Owner may withdraw his membership assignment to any lessee in his discretion by issuing a sixty (60) day notice in writing to the Association.

Section 7. Creation of the Lien and Personal Obligation of Assessments. Each Owner of any Lot, excepting Bridgewater Development Group, Inc., by acceptance of a deed therefor, whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay to the Association: (1) annual assessments, and (2) special assessments for capital improvements. Such assessments shall be established and collected as hereinafter provided. The annual and special assessments, together with interest, costs, and reasonable

attorney's fees, shall be a charge and a continuing lien upon the Lot against which each such assessment is made. Each such assessment, together with interest, costs, and reasonable attorney's fees shall also be the personal obligation of the person who was the Owner of such Lot at the time when the assessment fell due. The personal obligation for delinquent assessments shall not pass to an Owner's successors in title unless expressly assumed by them.

Section 8. Purpose of Assessments. The assessments levied by the Association shall be used exclusively to promote the recreation, health, and welfare of the Owners in all sections of Bridgewater, including, but not limited to, the improvement and maintenance of the Common Area, maintenance of street lighting, maintenance of the sprinkling system situated on the Common Area, and removal of snow and ice from the streets.

Section 9. Maximum Annual Assessment. Until January 1 of the year immediately following the conveyance of the first Lot to an Owner, the maximum annual assessment shall be Two Hundred and No/100--Dollars (\$200.00) per Lot.

(a) From and after January 1 of the year immediately following the conveyance of the first Lot to an Owner, the maximum annual assessment may not be increased each year more than eight percent (8%) above the maximum annual assessment for the prior year, without the vote or written assent of fifty-one percent (51%) of each class of members of the Association.

Section 10. Special Assessment for Capital Improvements. In addition to the annual assessment authorized above, the Association may levy, in any assessment year, a special assessment applicable to that year only for the purpose of defraying, in whole or in part, the cost of any construction, repair or replacement of a capital improvement upon the Common Area, including fixtures and personal property related thereto, provided that any such assessment shall have the vote of written assent of fifty-one percent (51%) of each class of members of the Association.

Section 11. Notice and Quorum for Any Action Authorized Under Section 9 and 10. Any action authorized under Sections 9 and 10 shall be taken at a meeting called for that purpose, written notice of which shall be sent to all members not less

than thirty (30) days nor more than sixty (60) days in advance of the meeting. If the proposed action is favored by a majority of the votes cast at such meeting, but such vote is less than the requisite fifty-one percent (51%) of each class of members, members who were not present in person or by proxy may give their assent in writing, providing the same is obtained by the appropriate officers of the Association not later than thirty (30) days from the date of such meeting.

Section 12. Uniform Rate of Assessment. Both annual and special assessments must be fixed at a uniform rate for all Lots and may be collected on a monthly or yearly basis.

Section 13. Date of Commencement of Annual Assessments:
Due Date. The annual assessments provided for herein shall commence as to all Lots on the first day of the month following the conveyance of the Common Area. The first annual assessments shall be adjusted according to the number of months remaining in the calendar year. The Board of Directors of the Association shall fix the amount of the annual assessment against each Lot at least thirty (30) days in advance of each annual assessment period. Written notice of the annual assessment shall be sent to every Owner subject thereto. The due date shall be established by the Board of Directors of the Association. The Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an officer of the Association setting forth whether the assessments on a specified Lot have been paid.

Section 14. Club Membership, Operating Fund Assessment.
The Developer plans to construct a bathhouse, swimming pool and tennis courts within Bridgewater, which facilities will be owned and operated by the Association and members of Bridgewater Golf Club. The tennis courts will be completed on or before June 1, 2000 and construction of the swimming pool and bathhouse will begin when 150 lots in Bridgewater have been sold.

A. Non-Lot Owner Golf Club Members of Bridgewater Golf Club shall be entitled to membership and usage of the bathhouse, swimming pool, and tennis courts, and shall pay the same operating fund assessment as Single-Family Lot Owner Members.

B. All Villa Unit Owners in the Bridgewater Subdivision shall be entitled, to membership and usage of the bathhouse, swimming pool, and tennis courts, and shall pay the same operating fund assessment as the Single-Family Lot Owner Members. Such Club Assessment shall bear interest, shall become a lien upon the Unit against which it is assessed, shall become the personal obligation of the Owner of such Unit, and may be collected in accordance with the provisions of this Article.

C. All Single-Family Lot Owners within Bridgewater, except those owned by the Developer, shall be charged an assessment (in addition to the Annual Assessments and Special Assessments provided in Sections 9 and 10, respectively), with respect to the operation and maintenance of said facilities ("Club Assessment"). This Club Assessment will be assessed against each Lot Owner irrespective of whether a Dwelling Unit is located thereon. Such Club Assessment shall bear interest, shall become a lien upon the Lot against which it is assessed, shall become the personal obligation of the Owner of such Lot, and may be collected in accordance with the provisions of this Article. Club Assessments shall be payable on the first day of January of each year thereafter. All Club Assessments shall be determined by and paid to the Association, and the Association shall be responsible for carrying out the purposes of such Club Assessments.

The amount of the annual Club Assessment shall be established as follows:

(i) Commencing with the year following substantial completion of the bathhouse, swimming pool and tennis courts, the Board of Directors of the Association shall establish a budget for such calendar year and shall determine therefrom the annual Club Assessment for each Lot required to meet said budget. Such budget and Club Assessment for each calendar year shall be established by the Board of Directors at a meeting to be held not later than December 31st of each preceding calendar year. The Board of Directors shall mail to all Association members a copy of a proposed budget and notice of the ensuing year's proposed Club Assessment at least thirty (30) days prior to such meeting.

(ii) In determining the amount of the Club Assessment for each Lot, the Board of Directors shall take into consideration the financial obligation of the Bridgewater Golf Club, and those individuals and organizations identified in Section 14 above who may have access to the bathhouse, tennis courts and swimming pool facilities with respect to the operation and maintenance of said facilities.

(iii) Said Club Operating Fund shall be used exclusively for the purpose of operating and maintaining said bathhouse, tennis courts and swimming pool as well as all recreational facilities therein or used in connection therewith, including but not limited to, repair, maintenance, cost of labor, equipment, supervision, taxes, insurance, and all other things necessary or desirable in the opinion of the Board of Directors of the Association.

Section 15. Tax Recoupment Assessments. In addition to all other assessments provided for in this Article, the Association may levy in any assessment year, an assessment ("Tax Recoupment Assessment") applicable to that year only for the purpose of defraying, in whole or in part, any cost or expense incurred by the Association in the form of a tax, and/or penalty and/or interest on a tax imposed upon, assumed by or assessed against the Association of its properties, and arising out of or in any way related to the acceptance of title to, the ownership of and/or operating or maintenance of any plant or equipment (including utility lines, lift stations and other property) for the transmission, delivery or furnishing of water, or for the collection, transmission and disposal of liquid and solid waste, and sewage, and/or the ownership of any real estate or easements or other rights with respect to real estate owned and/or possessed in connection with such plant or equipment.

Section 16. Effect of Nonpayment of Assessments: Remedies of the Association. Any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at the rate of ten percent (10%) per annum. The Association may bring an action at law against the Owner personally obligated to pay the same, or foreclose the lien against the Lot. No Owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the Common Area or abandonment of his Lot.

Section 17. Subordination of the Lien to Mortgages. The lien of the assessments shall be subordinate to the lien of any first mortgage. Sale or transfer of any Lot shall not affect the assessment lien. However, the sale or transfer of any Lot pursuant to mortgage foreclosure or any proceedings in lieu thereof, shall extinguish the lien for such assessments as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such Lot from liability for any assessments thereafter becoming due or from the lien thereof.

No Owner of any Lot shall erect or grant to any person, firm or corporation, the right, license or privilege to erect or use or permit the use of overhead wires, poles or overhead facilities of any kind for electrical, telephone or television service (except such poles and overhead facilities that may be required at those places where distribution facilities enter and leave the Subdivision). Nothing herein shall be construed to prohibit street lighting or ornamental yard lighting serviced by underground wires or cables.

The entire front exterior of each residence shall be constructed of all natural materials. No roll siding, asbestos siding or siding containing asphalt or tar as one of its principal ingredients shall be used in the exterior construction of any Dwelling Unit or other permitted structure on any Lots of said Subdivision and no roll roofing of any description or character shall be used on the roof of any Dwelling Unit or other permitted structure on any of said Lots.

Section 18. Driveways. All driveways from the street to the garage shall be poured concrete or masonry and not less than eighteen (18) feet in width, except for Lots 221-285, which may be only sixteen (16) feet in width.

Section 19. Individual Water and Sewage Systems. No individual water supply system or individual sewage disposal system shall be installed, maintained or used on any Lots in this Subdivision.

Section 20. Use of Public Easements. In addition to the utility easements herein designated, easements in the streets, as shown on this plat, are hereby reserved and granted to the Developer, the Association and any public or quasi-public utility company engaged in supplying one or more of the utility services contemplated in Sections 7 and 8 or this Section 20 of Article VI, and their respective successors and assigns, to install, lay, erect, construct, renew, operate, repair, replace, maintain and remove all and every type of gas main, water main and sewer main (sanitary and/or storm) with all necessary appliances, subject, nevertheless, to all reasonable requirements of any governmental body having jurisdiction thereof as to maintenance and repair of said streets.

No sanitary sewage shall at any time be discharged or permitted to flow into the above-mentioned Storm Water and Surface Water Runoff Sewer System.

Section 22. Improvements. Before any Dwelling Unit on any Lot in this Subdivision shall be used and occupied as a dwelling or otherwise, the Developer or any subsequent Owner of such Lot shall install improvements serving such Lot as provided in the plans and specifications for such improvements filed with the appropriate governmental authorities, together with any amendments or additions thereto which said governmental authorities may authorize and require. This covenant shall run with the land and be enforceable by any governmental authority having jurisdiction over the Subdivision, by the Association, or by any aggrieved Lot Owner in this Subdivision.

Section 23. Recommended Minimum Building Elevation. In order to minimize potential damage from surface water, a recommended minimum building elevation has been established for the lots within this subdivision. It is recommended that any residential structure within this subdivision be constructed such that no external opening connecting to potential living space be built below an elevation of 864.6 as determined by the benchmark shown on the recorded plat. The designation of a recommended

minimum building elevation does not guarantee a safe building site. The lot owner and/or home builder needs to investigate that site to make his/her own determination of a safe building elevation and to rely upon his/her own decision for minimum building elevation selection. This recommended minimum building elevation shall not make the developer or its agents or the project Surveyor/Engineer liable for determining a safe building elevation.

Section 34. Right of Entry. The Developer and the Association, acting through their respective representatives, shall have the right, during reasonable hours, to enter upon and inspect the Lot and Dwelling Unit, whether prior to, during, or after the completion of, any construction, for purpose of determining whether or not the provisions of these restrictions are being complied with and exercising all rights and powers conferred upon the Developer, and Architectural Control Committee and the Association with respect to the enforcement or correction or remedy of any failure of the Owner to observe these restrictions, and the Developer, the Architectural Control Committee and the Association and such representatives shall not be deemed to have committed a trespass as a result thereof. Notwithstanding the foregoing, an occupied Dwelling Unit may not be entered hereunder unless written notice of such proposed entry shall have been given to the Owner at least five (5) days prior to such entry.

Section 35. Partial Invalidation. Invalidation of any one of these Restrictions by judgment or court order shall in no way affect any other provisions which shall remain in full force and effect.
